

Aquametro Oil & Marine Tar & Bitumen Production

Aquametro Oil & Marine Mission

Aquametro Oil & Marine is a global leader in the design, manufacture, and supply of advanced volumetric diesel fuel metering and fuel optimization solutions. Its products serve a wide range of applications, including construction and mining equipment, diesel engines, generator sets, diesel-electric locomotives, agricultural machinery, and marine and inland waterway vessels.

The Aquametro Oil & Marine portfolio includes more than 100 diesel fuel meter models, specifically engineered for heavy-duty equipment such as tractors, trucks, graders, excavators, scrapers, and tar and bitumen mixing units. In all corners of the globe, our products and solutions for bitumen and oil metering are hard at work.

Aquametro Oil & Marine fuel meters are the right choice.
